**THE GUTHRIE THEATER** is an American center for theater performance, production, education and professional training, known for its dynamic productions of classic and contemporary plays. Open to the public year-round, this award-winning cultural destination houses three theaters, dramatic public spaces and distinctive dining. The Guthrie is located in the historic Mill District of Downtown Minneapolis and features a 175-foot cantilever bridge which overlooks the Mississippi River. When it opened in 2006 Time magazine called the building "a 21st century dream factory." The tour includes the Guthrie's signature main stages, the world-class scene and costume shops and more. The tour is accessible for people with disabilities. For more about the Guthrie Theater <https://www.guthrietheater.org/>.

### **Surly Brewing Company Tour and Dinner**

**SURLY BREWING COMPANY** is widely considered one of the best breweries in the Twin Cities--noted not only for their award-winning beers and food, but also for their expansive space, and for the legislative advocacy involved in allowing on-site tap sales for breweries in the state of MN (the 'Surly Bill', signed into law in 2011). The Brewery facility includes much to do and see: The tour includes a run through the brewhouse, fermentation cellar, and packing hall, and ends on the tasting mezzanine where you'll sample some of their best brews. You'll keep the tasting glass and be contributing to a good cause, as \$1 of each admission goes to a local charity. The Beer Hall has a rotating tap list of more than 20 beers and an extensive menu of great food that pairs well with beer, including a wood-fired pizza restaurant on the second floor (aptly named Surly Pizza Upstairs). Visitors can also enjoy the sprawling outdoor space, complete with wood fires to keep you cozy on cool September evenings. The space and tour is accessible for people with limited mobility.
